

About us:

We offer one of the most comprehensive visual rehabilitation programs in the country thanks to our state of the art technology, expert staff and wonderful learning facilities, including adaptive training, driving simulator and full kitchen. We even provide home assessments and Orientation and Mobility Services. We provide vision rehabilitation for all ocular and neurological diagnoses for all age groups.

The Center for Visual Rehabilitation is dedicated to ensuring that you:

- Continue your daily activities
- Maximize your independence
- Maintain your quality of life.

"Harris County Low Vision Project"

The Center for Visual Rehabilitation, Robert Cizik Eye Clinic, is privileged to be the recipient of the 2014 Sightfirst Grant for the "Harris County Low Vision Project". The project is aimed at increasing awareness by providing education and addressing barriers to accessing comprehensive low vision care. Lions Club International Foundation (LCIF), SightFirst has several programs designed to help create sustainable and comprehensive eye care systems and improving low vision services in underserved communities is one of their outreach programs.

Hermann Eye Fund

The Hermann Eye Fund, a nonprofit 501(c) 3 organization was established in 1968. The Hermann Eye Fund, Memorial Hermann and UT Health Medical School are committed to research, education and clinical care at the Robert Cizik Eye Clinic and the Clinical Research Center of the Ruiz Department of Ophthalmology and Visual Science at UTHealth. Annual gifts to the Hermann Eye Fund enable the Cizik Eye Clinic to provide free and reduced-rate care to families in need.
